FOCO

Make it startable.

Big tasks stall because the first step is fuzzy. **Shrink step one until it takes 2 minutes,** then guess the rest.

The task I keep avoiding

It feels: ○ fine ○ meh ○ huge Due

Step one, 2 minutes or less open the file · find the form · put on shoes

Then the next steps one action each · guess the minutes

2 ___ min ○

3 ___ min ○

4 ___ min ○

5 ___ min ○

6 ___ min ○

7 ___ min ○

8 ___ min ○

9 ___ min ○

If I stall, I'll

○ make the step smaller ○ set a 10-minute timer
○ work next to someone ○ ask for help

Done is

What "good enough" looks like:

I'll do step one _____ **at** _____ **.**

Stuck on step one? The FOCO app breaks any task into tiny steps. tryfoco.com
